HOLD THE FORTThe Japanese Continue Trying  
to Get Them Out

## NOW SAPPING THE HILL

Decisive Battle at Mukden at Present  
Believed to Be Improbable  
— Progress of the  
War.

Headquarters Third Japanese Army in the field, before Port Arthur, Nov. 4, via Fusan, Nov. 14.—By a general attack on the eastern fortified ridge on Oct. 30, the Japanese gained the most of the principal forts assailed. These were wider, deeper and stronger than had been supposed and were defended by emplacements or galleries running north of the Keekwan forts. The galleries were captured after desperate fighting under ground.

The Russians still hold parts of the moats, but the Japanese are engaged in sapping to dislodge them, after which the capture of the forts should be easy.

The casualties on the Japanese side in this engagement were 1,000.

## CASUALTIES 1500.

Japs and Russians Fighting for the Keekwan Fort.

Headquarters Japanese Third Army before Port Arthur, undated, via Fusan, Nov. 14.—The casualties in the attack of the Japanese on the eastern fortified ridge on Oct. 30 were 1500. It was an unsuccessfull assault. The powerful eastern Keekwan fort was gained, but the Russians were reinforced and drove the Japanese down to the foot of the hill. The Japanese are now sapping towards the crest of the hill.

The capture of this fort would give the Japanese the key to the eastern fortified range, as artillery mounted there would dominate the forts in front of the ridge and enable the Japanese to place infantry in a position to sweep the ridge.

## SITUATION AT MUKDEN.

Decisive Battle Is Improbable Before the Spring.

Berlin, Nov. 13.—Colonel Gaidke, the Tagelblatt's military correspondent in the far East, in a dispatch from Mukden, Nov. 14, says:

"The situation is unchanged. A decisive battle is improbable before spring. The Japanese will not attack until several weeks after the fall of Port Arthur, and the Russians are awaiting such an overwhelming superiority in numbers as to leave the question of victory beyond doubt. The Russians are constantly receiving reinforcements and the troops are in good spirits and excellent health. Even the outposts are well sheltered against the cold."

## NAVY GETTING READY.

Japanese Planning to Deal With the Baltic Fleet.

Tokio, Nov. 14.—The Emperor presided at an extended conference of the military and naval staff in the palace today. While the proceedings were secret it is understood that plans were discussed for dealing with the Russian second Pacific squadron when it arrives in the far East.

## A PATHETIC LETTER.

Mrs. Stossel Writes from Port Arthur, Asking Financial Aid.

St. Petersburg, Nov. 14.—M. Perloff, the millionaire merchant of Moscow, has received a pathetic letter from Madame Stossel, wife of General Stossel, dated Port Arthur, Oct. 24, appealing to the rich Muscovite for money to assist the helpless wounded defenders of the fortress, some of whom have lost both arms, others either an arm or a leg, some of them being blind, and others suffering from wounds in the spine, and who will be crippled for life. There are, she adds, very many such unfortunate.

## IN THE SQUARED CIRCLE.

Billy Melody Lost His Title to Buddy Ryan.

Chicago, Nov. 14.—Billy Melody of Boston, white featherweight champion of America, lost his title tonight to Buddy Ryan of Chicago. The men met at the Harlem Athletic club for a bout of ten rounds, but Melody was knocked out after two minutes of fighting.

When they came together in the first round Ryan landed a right hook on Melody's jaw and Melody took the count of nine before he rose. The blow took all the fight out of Melody, and in a few seconds he was knocked down again. When he arose for the second time he was weak and bewildered and Ryan had no trouble in sending a straight right to the jaw that put Melody out for good. After being carried to his corner he was unconscious for several minutes.

## DRINKING FOUNTAIN FOR RUTLAND.

P. W. Clement Ordered One Before Leaving on Western Trip.

Rutland, Nov. 15.—It was learned today that Percival W. Clement of this city, just before he started on his extended tour of the West and South a few weeks ago, gave the Vermont Marble company an order for a handsome marble drinking fountain which will be placed in the highway in the vicinity of Mr. Clement's home at "Brookside" for the benefit of the horses of passers-by.

The fountain will be made of the white marble, of the best quality, and will cost a large sum. The fountain will be surrounded by a figure of a lion and the affair will be a distinct ornament to that section of the city.

Boston, Nov. 14.—Frank S. Colton, senior member of the stock brokerage firm of F. S. Colton & Co., was arrested by police inspectors today, charged with the larceny of \$15,300. The complainant in the case is James H. Whittemore, of Stoneham. Whittemore alleges that he deposited with Colton as security for a loan, fifty shares of Adams Express company stock, valued at \$15,000, and fifty shares of Amalgamated Copper stock, valued at \$3,300; and that during the month of August, Colton disposed of these holdings. Colton was released in bonds of \$10,000. The firm of F. S. Colton & Co. on Oct. 23 last made an assignment for the benefit of its creditors.

## Fire at White River Junction.

White River Junction, Nov. 14.—Fire occurred in a wooden building on the west side of the Central Vermont tracks near the station today. The building was used as a repair shop for the Central Vermont, and was pretty well destroyed. The prompt arrival on the scene of the Vigilant hose company doubled prevented a serious fire, as the place is located in a nest of wooden buildings, extending past the Standard Oil company's gasoline and kerosene storage tanks to the freight depot of the Boston and Maine and Central Vermont roads.

## RESCUE LEAGUE WORK.

What Is Done By the Salvation Army in Boston

Boston, Nov. 15.—It is many years now since the Salvation Army opened its first Rescue home in London, Eng., and since then, these havens of mercy have been established all over the civilized globe.

The home in Boston is in Dorchester and a maternity hospital is connected with it. In both these institutions there is accommodation for forty girls and for children as well, and the homes are generally full.

There are failures of course, girls who go back to the old life, when once they have left the restraining influence of the Rescue home, but these form but a very small percentage of the whole, and even of these, many come back again. The following are the figures for the Boston Rescue home for the past year: No. girls admitted for the past year: 115 No. cases temporarily assisted 24 No. patients admitted to Maternity hospital 68 No. cases discharged 66 No. patients died under care 0 No. patients in hospital at end of year 3 No. infants born in hospital every year 96 Percentage of satisfactory cases 75

WARE RESIGNS  
HIS OFFICECommissioner of Pensions  
Will Leave Office

## RESIGNATION IS ACCEPTED

To Take Effect Jan. 1 — Duties of  
the Position Distasteful to Him  
— Will Return to Law  
Practice.

Washington, Nov. 14.—Commissioner of Pensions Ware today tendered his resignation to the President, and it was accepted to take effect Jan. 1.

When seen tonight Commissioner Ware declined to discuss his action in any way except to state that the newspapers of the country had been "resigning" him for the past two years. For at least one year, however, it has been definitely known that Mr. Ware would return to his home in Kansas and resume his law practice.

It is believed here that Commissioner Ware's action was not due to any suggestion that the severance of his relations with the pension office would be agreeable to the President. On the contrary, it has been no secret that Commissioner Ware soon after assuming his duties found them distasteful to him, and that his distaste steadily increased. There is no intimation tonight as to who his successor will be.

## MANY WIRES DOWN.

Storm of Sunday Night Did Great Damage Throughout the State.

The telephone and telegraph wires suffered more from the wind and storm which set in Sunday night than from any such occurrence in many years. The combined efforts of the sleet and heavy winds downed about 15 poles between Rutland and Center Rutland, 25 at Manchester, a line of poles a half mile in length between Acuteville and Windward, eight or ten poles between Wells River and Woodsville, N. H. Yesterday the wires were down over the Connecticut river between White River Junction and Lebanon, N. H., no wires were working between White River Junction and Rutland, and but one between White River Junction and Burlington and none between Burlington and Rutland.

## WIRES STILL DOWN.

No Communication With Outside World Today.

Up to 3 o'clock this afternoon telegraphic communication with the outside world had not been restored to Vermont. The Western Union lines are open as far as White River Junction, but beyond that the world is a blank. The Times had no later telegraphic news yesterday nor has it today other than what is brought to it by the mails.

## VERMONT'S OFFICIAL VOTE.

Roosevelt's Majority Is 39,015—NO  
Democratic Votes in Some Towns.

Montpelier, Nov. 14.—With the exception of the town of Vershire, Secretary of State Fleetwood has received official returns from every town in the state of the vote cast at the November election. The figures show that Roosevelt's majority is 39,015, against 29,815 for Governor Bell in September. Four towns report no Democratic vote, namely, Langrove, Panton, Baltimore and Morgan. The socialist vote runs ahead of the prohibition vote nearly 100. Leaving out the town of Vershire the total vote was as follows: Republican, 40,410; democratic, 9,750; prohibition, 791; socialist, 854.

## Committee on Prizes.

Montpelier, Nov. 14.—The committee to read the essays for prizes in the G. A. R. contest originated by State Superintendent of Education W. E. Ranger, is composed of C. B. Wright of Middlebury, C. H. Morrill of Randolph Center, and Miss Alice E. Dickenson of Johnson. There are ten prizes of \$5 each; ten of selected books with certificates and ten certificates of honorable mention. Since the time for submitting these essays has expired Mr. Ranger has counted them and finds in the vicinity of 500. These prizes are offered through the department of Vermont, G. A. R., and are for the best compositions on patriotic citizenship.

## Sixty Years Married.

Lebanon, N.H., Nov. 14.—Mr. and Mrs. Luther P. Colburn of East Lebanon today observed their sixtieth marriage anniversary. There was no demonstration, and the aged couple remained quietly at home. A few friends called to offer congratulations. Mr. Colburn was born in Hebron, Sept. 6, 1827, and has been a resident of East Lebanon since 1837. He is a member of Mascoma lodge, I. O. O. F. of Lebanon, having joined the order in 1864. A singular incident in connection with their marriage is that the wedding took place on Thanksgiving day, which in that year was Nov. 14.

## No Foundation to Rumor.

Panama, Nov. 14.—Senator Guardia went to the troops barracks today to be recognized as secretary of war. As friction has existed between his predecessor, Senator Arias, and General Huertas, commander-in-chief of the Panamanian forces, the event gave rise to the wild rumor that a coup d'etat had been planned by the military element. President Amador, however, in an interview with The Associated Press, denied that there was any foundation for the rumor.

CAPITAL  
PUNISHMENTHouse Discusses Bill to Do  
Away With It.

## BILL KILLED, 149 TO 80

Legislature Will Adjourn Over Next  
Week—City Charter Bill  
Killed—Bills  
Passed.

Montpelier, Nov. 15.—Nearly all the time of the legislature was taken up today with the consideration of the bill to abolish the death penalty and to substitute therefore life imprisonment. The House debated the bill and the Senate adjourned to listen to the debate. The House was crowded as it hasn't been before and the speeches were the best that have been heard this session. The House debated the measure all the forenoon without action and resumed the debate again at the afternoon session.

After several bills had been laid away and three or four adopted, the committee on judiciary unanimously reported amendments to the bill abolishing the death penalty, cutting out sections 2, 3, 4, 5 and 6, leaving only section 1 to the bill, which reads: "A person convicted of murder in the first degree or of any crime now punishable by death, shall be punished by imprisonment in the state prison for life." This amendment was adopted and another section added to the bill which authorizes the secretary of state to notify the superintendent of the state prison. This was adopted and a majority reported the bill favorably as amended. Representative Fitts of Brattleboro, and chairman of the judiciary committee heading the minority which opposed favorable report.

The debate on the bill came on the question of ordering it to a third reading. Haggood of Peru leading off in opposition to the bill. Bullard of Burlington favored the bill and in his remarks made the assertion that the clergy were in favor of capital punishment, which later in the debate led F. O'Sullivan to take the speaker to task. He defied Mr. Bullard to prove the assertion.

Mr. Bullard said he didn't intend to include the clergy as a class when he said they favored capital punishment. Mr. O'Sullivan then pulled out about and spoke in favor of the bill.

Rev. Mr. Hilliard, representative from Cabot opposed the measure, while Darling of Chelsea favored it. Mr. Grout opposed and Fitts of Brattleboro opposed. The latter made a very strong speech in opposition to the measure, quoting statistics in support of his arguments.

The House was growing uneasy and Campbell of Bellows Falls moved that debate cease. While this was being discussed Waite of Hyde Park moved to adjourn and it was so voted.

After discussion the bill this afternoon was killed by a vote of 149 to 80. The House this forenoon killed House bill 210, relating to highway taxes; 211, relating to money paid out by road commissioners; 410, Mr. Pape's bill to improve the public roads and establish a Vermont highway commissioner, and 421, the general city charter bill, on which the Barre city council set its disapproval yesterday.

The House passed House bill 328, to incorporate the Lake Morey Telephone and Telegraph Co., 306, relating to billiard, pool and bowling alleys; 419, which prohibits any one connected with the liquor traffic from holding the office of school director or school superintendent; 454, authorizing the Vergennes school district to issue notes to refund debt; 482, to enable the town of Jamaica to refund indebtedness; and 463, an act to create a town clerk's seat.

## The House Works Hard.

The House passed eighteen bills during its long session yesterday afternoon, among which were these, authorizing the Northfield graded school district to issue bonds for a new high school building, the same to Whitcomb high school of Bethel, amending the Montpelier city charter regarding filing of certificates of nominations and the posting of tax bills, amending charter of the Howe Scale company of Rutland, incorporating the Union Telephone company to operate in sections of Washington, Caledonia and Lamoille counties and Greensboro in Orleans county, changing name of Troy Conference Academy to the Poulney Seminary, amending the law relating to quadrennial appraisals, introduced by Mr. Pape of Barre city (gave listers in towns over 5,000, more time), requiring officers of towns to furnish biennially to the auditor a statement of fees for benefit of state, prohibiting use of fences and bridges, etc., for advertising purposes, amending the statutes relating to refunding municipal indebtedness (towns may regulate such refunding).

## An Attorney General Bill Killed.

The House killed the bill providing for the office of attorney general and making the officer appointive by the Supreme Court. There is another bill before the legislature which provides for the election of the attorney general by the legislature. The House also killed the bill of Mr. Morse of Randolph "to equalize taxation" and Senator Lord's bill relating to divorce. The tuberculosis commission bill was amended by the House making the outlay per year of the members not to exceed \$2,000 instead of \$3,000.

## With the Senators.

The Senate, too, did a fair amount of business after it got started yesterday

afternoon, the session not being in working order until after 2 o'clock, owing to the trains being late. An important bill passed by the Senate was that providing emblems over party columns on ballots. The emblems are an eagle for the Republicans, a star for the Democrats, and a lamb for the Prohibitionists. Senator Robinson of Grand Isle opposed, Senator Laurence of Addison favored, and Senator Lord of Washington favored (because the law will help voters and calling attention to the fact that there is a manhood and not an educational test); Senators Fowler and Fish of Bennington and Windsor respectively.

The Senate passed the following House bills which are now likely to become laws, amending the charter of the village of Winslow, authorizing the Deerfield River Co. to issue bonds, incorporating the White River Junction and Interstate Telephone Co., and amending the charter of Goddard seminary. The Senate killed three of its own bills relating to elections, relating to voters in city, town and village meetings, and relating to highway tax and its distribution.

## Looking to Thanksgiving Recess.

A resolution was introduced in the Senate yesterday afternoon providing that when the legislature adjourns on Friday afternoon next it be to meet on Tuesday forenoon, November 29, and that no per diem be paid during the recess but that ten cents per mile mileage be allowed. The resolution was read twice and referred to the committee on court and state expenses.

## VIGOROUS PROTEST BY CITIES.

Barre, Montpelier, St. Albans and Burlington Don't Want General Charter.

Barre, Montpelier, St. Albans and Burlington protested vigorously, through their agents, against the general charter bill for the cities of Vermont, before the corporation committee last evening. Two Rutland men, in behalf of a part of their city, favored the bill because it was introduced in their behalf. The Rutland men did not claim to represent their united city.

W. C. Smith and Aldermen F. W. Geary of Rutland explained that the charter was drafted from the model told of unsatisfactory conditions in their city and of their desire to get a better charter. As they were too late to get a special charter through the legislature they took this means to help themselves out of the hole. No one else favored the bill, not even its introducer, Mr. Redfield of Hubbardston, and the introducer of an identical bill in the Senate, Senator Fish of Windsor county.

The City Attorney Fred P. Carleton of Montpelier, Representative Bullard of Burlington, Representative O'Sullivan of St. Albans city and City Attorney J. W. Gordon of Barre ridiculed the bill through and through, showing up nearly a score of defects in the bills. When they had finished there was no doubt in the minds of any of the many spectators as to the nature of the committee's report.

Vergennes was the only Vermont city not represented.

## WORK ON LIQUOR LAW.

Temperance Committee Is Agreed on  
Several Important Points.

Montpelier, Nov. 14.—The temperance committee of the legislature is progressing slowly but surely. The most important question on the bill, that in relation of choosing the commissioners, is now out of the way. The committee will stick to the present method and have local boards, although there was a large sized sentiment in favor of county boards. The word party and politics will be eliminated, so that the commissioner will be elected by local authorities without regard to their political affiliations. Ample authority will be made for the removal of commissioners for neglect to enforce the law. The commissioners will be given larger powers to revoke licenses with or without cause. The saloon classifications will remain the same. The committee was unanimous in its opposition to the proposal that the word "licensed place" be substituted for "saloon." The committee is traveling along smoothly and the indications are all the amendments will be on line of improvement of the present measure.

## LEGISLATIVE NOTES.

The legislature is really and seriously working.

The Speaker, Mr. Merrifield, is troubled with a severe cold, but he expects to "throw it off" with proper care.

Thanksgiving is now the watchword, and there seems to be a difference of opinion whether to adjourn over next week or not.

Gov. Bell has appointed Edward H. Nichols a justice of the peace in the town of Braintree to fill the vacancy caused by the death of Henry W. Fitts.

Mr. and Mrs. Herbert Sargent of Brattleboro, Miss Agnes A. Aiken of Woodstock and Miss Virginia Perry of Mendon are guests of Gov. Bell this week.

Advertising on fences, rocks, posts, etc., will be a thing of the past if the specimen of towns so order, according to a bill which passed the House. The penalty is \$10.

Speaker Merrifield, Clerk Cheney, the doorkeepers and the press representatives were pinks yesterday through the generosity of Representative George Stratton of Montpelier.

There will be a hearing before the corporation committee tomorrow afternoon at 4 o'clock on the bill amending the charter of the Barre Spring and Fountain Water company.

The work of Representative Darling of Chelsea is manifest in the number of bills reported by the House committee on corporations. Mr. Darling is an indefatigable worker, besides being one of the leaders of the House.

There was a study in expression on the face of Representative Durick of
